Dear Sir:

In response to a listenər's request, I wrote your office for information on October 21st. I addressed it to the Department of State only, and it went to Jerry Rosenthal who is the Chief of the News Information Staff of A-I-D.

Well, I got information on the wrong agency.

Please excuse this persistence, but I'm getting asked daily about the information.

Mr. Rosenthal forwarded my letter to your office on or about November 7th, and I've heard nothing.

I'd like to know exactly when the Division of Foreign Operations was formed.

And, I'd like a copy of the memo, directive, order, or whatever, that organized it - or authorized its formation.

And, I'd like to know who organized it.

And, who have served as administrators since its founding.

Thank you for your help.
